Port Alberni Port Authority
Port Alberni, BC

We have audited the statement of financial position of Port Alberni Port Authority as at December 31, 2008 and the statements of changes in net assets, revenue and expenses, and cash flow for the year then ended. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. PORT ALBERNI PORT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2008

NOTE 1 BUSINESS OPERATIONS

The Port Alberni Port Authority generates revenue through a variety of operations including deep-sea shipping port, marina management, and property leases.

NOTE 2 LETTERS PATENT - CANADA MARINE ACT

On July 1, 1999, the Port Alberni Port Authority, under the *Canada Marine Act*, received Letters Patent. This authorized them to operate as a Canadian port under the rules and regulations of the *Canada Marine Act*.

As per the Letters Patent, the Port Authority shall pay annually a gross revenue charge to the Ministry of Transport to maintain the Letters Patent in good standing. The gross revenue charge for the Port Authority is 2% of calculated gross revenue to \$10,000,000. Increased rates will apply for higher gross revenues.

NOTE 3 SIGNIFICANT ACCOUNTING POLICIES

The Port Authority presents its financial statements in accordance with Canadian generally accepted accounting principles and regulations per the Canada Marine Act.

Property and equipment are recorded at cost and amortized on a straight-line basis over the estimated useful life of the assets. The rates of amortization vary from 2.5% to 20% per annum except for office furniture and equipment which are fully amortized in the year of acquisition.

Government grants, received for asset additions from equity position contributors, are recorded as contributed surplus. No grants were received in the current year.

Revenue from moorage and camping are recognized when invoiced, subject to cancellation policies for early termination. Revenue from leases is recognized into revenue over the life of the lease. Unrecognized revenue is recorded as unearned lease revenue. All other revenue is recognized when earned.

The preparation of the financial statements of the Port Authority in accordance with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditure during the reporting period. Significant areas requiring the use of management estimates relate to the fair value of financial instruments, the determination of the collectibility of accounts receivable, the liability of unearned revenues, and provisions for contingencies and obligations. Actual results could differ from those estimates. Adjustments, if any, will be reflected in operations in the period of settlement.

The investments are earning an average interest rate of 3.73 % per annum as of December 31, 2008.

NOTE 5 RESERVE FOR SELF INSURANCE

The Port Authority has set aside funds in the amount of \$110,000 for self insurance of its small equipment and harbour vehicles with a value of \$10,000 or less. The funds are included in the account "cash and short-term investments" on the statement of financial position.

NOTE 9 FINANCIAL INSTRUMENTS

Financial instruments are financial assets or liabilities. The Port Authority's financial instruments consist of cash and short-term investments, accounts receivable, and accounts payable and accrued liabilities. The carrying amounts of these financial instruments approximate their fair value due to their short-term maturity or capacity of prompt liquidation.

NOTE 10 FINANCIAL AND FOREIGN EXCHANGE RISK

The financial and foreign exchange risk is the risk to the Port Authority's earnings that arise from fluctuations in interest rates, market rates, foreign exchange and the degree of volatility of these rates.

NOTE 11 CREDIT RISK

Credit risk arises from the potential that a counterparty will fail to perform its obligations. The Port Authority is exposed to credit risk from its customers. However, management has credit policies which include the analysis of the financial position of its customers and regular review of their credit limits, and management does not consider credit risk to be material.
